

The background of the slide is a light gray gradient. It is decorated with numerous realistic water droplets of various sizes. Some droplets are large and prominent, while others are small and scattered. They are primarily located in the top-left and bottom-right corners, with a few smaller ones in the center and top-right areas. The droplets have highlights and shadows, giving them a three-dimensional appearance.

# NEXT STEPS

# NEXT STEPS

## 1. Documentation and publishing of key issues discussed

- Capitalization of country experiences for publishing/ dissemination
- Organize experience and lessons sharing events on topical issues to enhance visibility of AFAAS & the AFAAS network

## 2. Follow up on issues not conclusively discussed through webinars

## 3. Establish mechanisms for communication & feedback

## 4. Implementation of the action plans
